Superintendent's Report: Mr. Whipple reported on the following items:

Supt Report

The opening Conference Days went well. We had new teacher orientation on Tuesday. Wednesday was our Welcome Back staff assembly. Staff was given time to complete the mandatory trainings online. We did have one in person training for Violence Assessment and Prevention presented by Mr. Josh Reiss from BOCES.

Wednesday was used for faculty and department meetings as well as time for teachers to work in their classrooms.

Mr. Whipple thanked Mrs. Davis for getting to work right away, the food service staff for the lunches they provided to staff, and the maintenance staff for getting the building ready.

Mr. Whipple reviewed the current vacancies at the District. We still have elementary and high school special education positions open. We will have a math vacancy as of September 22nd. We do not have any potential candidates for them at this time but will have an instructional plan to cover our needs.

The athletic season kicked off with a win for the Boys Varsity team. Girls Varsity will have their first game next week. Modified starts this week and Golf has also played a couple of matches.

Mr. Whipple reviewed the new COVID guidance with the Board. This will be sent home with students the first few days of school.

We will need to approve the final scope for the Capital Project as well as a few other resolutions related to the project at the October board meeting. We need to have a final decision on how the proposition will be put out for the project. The Board decided they are interested in going out with one proposition that includes the work to the Track.
