

Owen Mann

09/20/2021

To whom it may concern,

My name is Owen Mann and I am writing to express my interest in the position of assistant robotics coach at Charlotte Valley Central School.

I was a member of the Oneonta High School Robotics team and found it to be very enjoyable and educational. I would love to have started my robotics experience earlier in my education, however that was not an option at Oneonta. This is why I am interested in this position; I would like to help students engage with not only robotics, but other STEM careers as well.

After graduating from High School and Automotive BOCES, I went on to attend the Mohawk Valley Community College Airframe and Powerplant Technologies program. This class was a one-year, accelerated course focused on learning everything there is about maintaining aircraft and other high-speed vehicles. I completed this course and passed my FAA exams to become a licensed aircraft powerplant technician. I believe that this in addition to my background in auto mechanics, general computer knowledge and technical ability makes me a strong candidate for the role of assistant robotics coach.

Thank you for time and consideration. Please let me know if you have any questions. You may contact me at (607)287-6667. I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read "Owen Mann", with a long horizontal flourish extending to the right.

To whom it may concern:

I am writing this letter to inform the district that I have met with Deb Thorsland, and would like to join her as a Robotics Coach for the 2021-2022 school year.

Thank you,

A handwritten signature in black ink, appearing to read 'Alanna Fiore'. The signature is fluid and cursive, with a large, sweeping flourish at the end.
